7.2.6.18 **(i)** A National Vocational Qualification (NVQ) system in which public and

Further, to capture job opportunities available in the international job market, VET on international standards should be facilitated through setting up of International Skill Training Hub.

7.2.6.23 Industry-Institution collaboration should be established for identification of manpower, development of sector-wise skill profiles, identification of courses, development of modular competency based curricula and learning materials, experts for providing training, workplace training/in-plant training (practical training, on-the-job training and apprenticeship training), competency based assessment of trainees by the assessors, competency based joint certification, sharing of resources and placement of students.

7.2.6.24 (i) New learning technologies such as modularization, combining modules fit

7.2.6.28 Greater autonomy may be given to VET Institutions to design their own programmes using flexible delivery modes, with involvement of business and industry.

35

7.2.6.29 About 7,000 existing Vocational Education Institutes/Schools under the Centrally Sponsored Scheme on Vocationalisation of Education, which cater to the needs of about 10 lakh secondary students, may be strengthened and restructured keeping in mind local/ regional market demands, generic and specific vocational skills.

7.2.6.30 Professional training of Teachers/Trainers
